

Hack This Fall

season 4

Innovate For Good

Sponsorship Prospectus

9 - 11 February 2024, In-Person

What ?

Hack This Fall is one of the most thriving hacker communities. It began in 2020 with a mindset of encouraging beginner hackers to build unique projects regardless of the tech or field; the only focus is to create something meaningful and enjoy building while also solving the shared struggles of our surroundings.

We aim to promote hackers & give them a platform where they can showcase their skills, meet like-minded people, learn new stuff, & grow together. We are bringing the 4th edition of our flagship event - a 36 Hours In-person Hackathon, starting on Friday, February 9th 2024, and ending on Sunday, February 11th 2024.

Why ?

Hack This Fall's community encourages Inclusion and Diversity at its core and has various events & happenings around the same as well to keep hackers engaged in a meaningful way. This is the perfect opportunity for you to recruit talented hackers, raise brand awareness, receive feedback on your products, or all of the above. We provide many perks & benefits to help you maximize your engagement and meet your goals.

All in all, with Hack This Fall, we want to enhance your experience & this also provides an unique opportunity for you to meet the most creative and innovative projects around.

Who ?

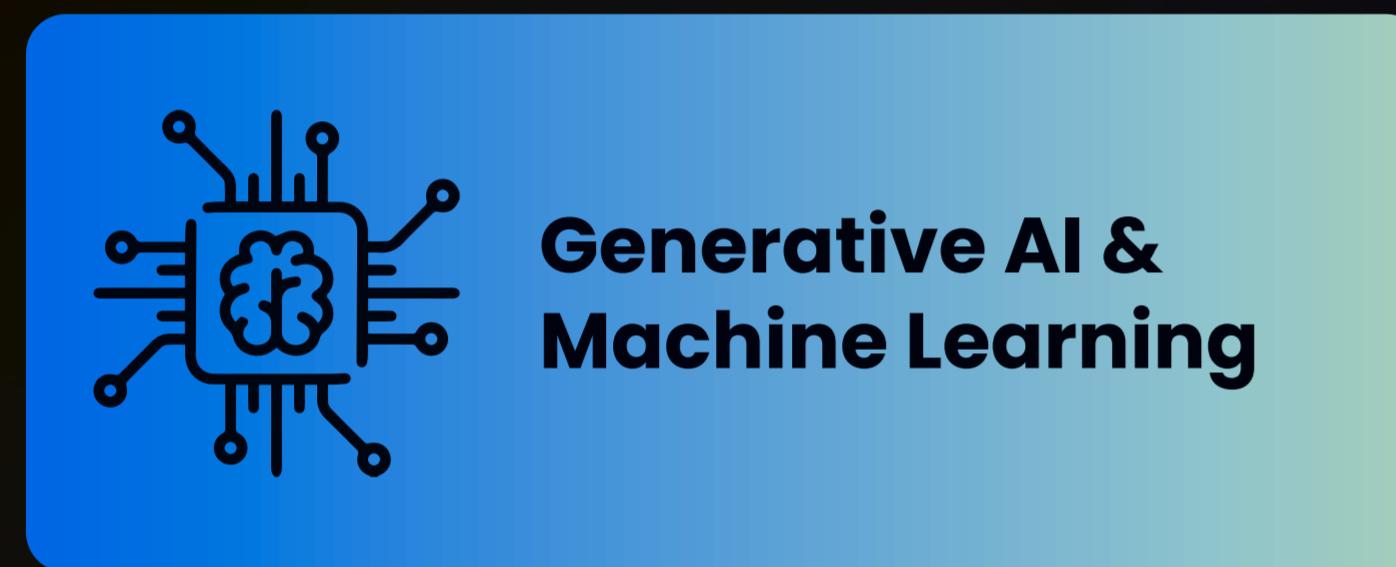

Hack This Fall is organized by a group of passionate humans, from across India. Our mission is to provide a platform to anyone, irrespective of their background, experience, or skill set where they can collaborate in a meaningful way and bring change by solving the shared struggles of our society. We actively aim to encourage everyone to participate in hackathons and we accomplish this by running various activities, events, and meet-ups across the globe.

Hack This Fall is an MLH member event, which means that Major League Hacking has verified it as a high-quality event and fulfills all the standards.

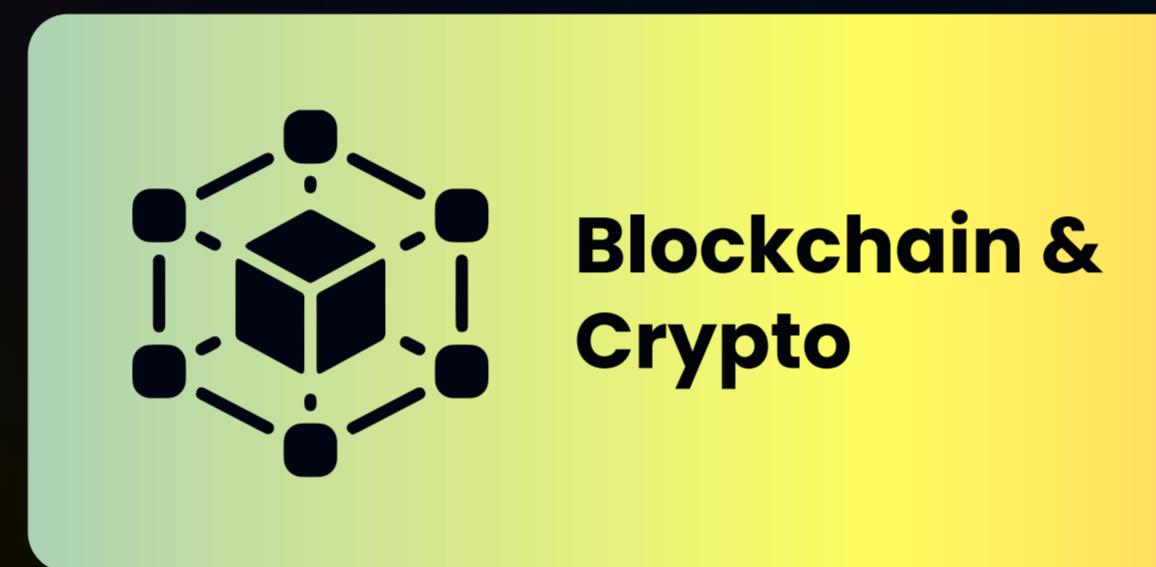

Tracks

2

Hack This Fall has something for everyone. From rookies to veterans, we want to encourage hackers from every domain, skill and experience to build with us. Keeping that in mind, we have following tracks we want to focus on during our hackathon this season. That being said hackers are not bound to build around these tech, we will support every project under open innovation which are not from the listed tech.

**Generative AI &
Machine Learning**

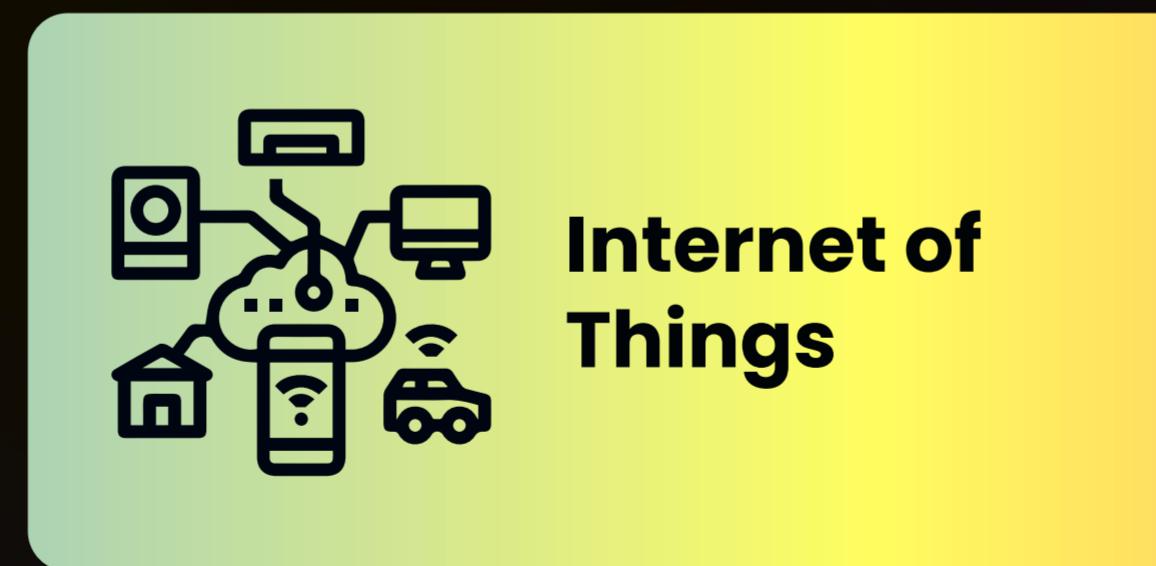

**Blockchain &
Crypto**

**Security &
Audits**

- **Evaluate** projects at our Project Showcase & award top teams.
- **Invite** to exclusive sponsor dinner pre-hackathon.

Hackathon Glimpses

3

Hack This Fall has hosted three successful editions of hackathons under its belt since 2020, uniting hackers globally through their passion for innovation.

Guided by the motto "Innovate For Good", it became the catalyst for transformative projects across various domains that address pressing challenges and drive positive change.

The hackathon fosters a rich ecosystem of learning, networking, and mentorship. Hack This Fall empowers hackers to unleash their creativity, technical expertise, and problem-solving skills.

Community Glimpses

4

Beyond the hackathon, we have organized tons of meetups & events. The community is fueled by a shared passion for tech and a drive to create a positive impact.

We foster a culture that encourages learning, sharing, & growth while also empowering hackers to expand their skills, gain knowledge, & forge connections.

We owe our success to the unwavering support of our sponsors. Since 2020, we've been backed by some renowned organizations that share the mission of fostering innovation & empowering aspiring hackers.
